Noam Chomsky Excerpted from Carlos P. Otero (ed.) Language and Politics, Montreal, 1998 unfamiliar with your work, because the study of linguistics is not required in their professional training. It would be helpful and would arouse some interest in this field if you answered some of the following questions.

### Language, Language Development and Reading, by Noam Chomsky

Politics Chomsky's political views seem to be supported to some extent by his approach to the study of language and mind, which implies that the capacity for creativity is an important element of human nature. Chomsky often notes, however, that there is only an "abstract" connection between his theories of language and his politics.

### Language And Politics By Noam Chomsky | dev.horsenseksikon

Language and Politics ... In my view, this is the absolute best introductory volume for the thought of Noam Chomsky. One can observe the evolution of his thought, and the clear long-standing foundations for his basic ideas, both in cognitive science and in politics. This book was my introduction to Chomsky and it is not an exaggeration to say ...
