Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

### Manual For Martini Muller Presto

30-year partnership with Muller Martini, the quick setup times on the Presto II, which was first unveiled at drupa 2012, argued of the machine.
