The Tragedy of Great Power Politics is a book by the American scholar John Mearsheimer on the subject of international relations theory published by W.W. Norton & Company in 2001. Mearsheimer explains and argues for his theory of "offensive realism" by stating its key assumptions, evolution from early realist theory, and its

Company. Chapter
One. Introduction.

Many in the West seem
to believe that

"perpetual peace"
among the great
powers is finally at
hand. The end of the
Cold War, so the
argument goes,
marked a sea change
in how great powers
interact with one
another.

The Tragedy of Great Power Politics. This text discusses the theory of "offensive realism", arguing that states are inherently driven to gain power. The text challenges the assumption that the end of the cold war left the world a safer place; rather, in a world in which no international authority reigns, hegemony is the only true assurance of
